RE: COVID – 19 Update

**We are happy to announce the Modern Training will be restarting all of our Training Programs on Monday, June 22, 2020.**

In keeping with the safety and security of our Staff and Students, and in keeping with the guidance of Medical Professionals, Provincial and Federal guidelines, courses will be restarted gradually and with limited capacity and with all required safety protocols in place.

Given the rapidly changing environment we are currently in, we will continue to monitor the evolving situation and make necessary adjustments as required.

We ask for everybody's patience as we work towards getting all students back. We will be in contact with all Students with updated information in regards to training schedules as soon it becomes available.

Please contact us with any questions or more information at: 905 573 9675
